No spec. treatment, concerns: because of what has transpired that there is bias against them. Property well cleaned up. Fence would come down. M.B. what do you want us to say? Concern about Par 3 (Myrtle Beach Style) set up @ good neighborhood. ~~It~~ should like some conditional request. Quansa Bldg could remain as historical.

Traffic concern. Groundwater pollution is a concern. (Discussion about odor @ Food Lion.) This will find its way into contract that's court ordered.

Can you look @ it objectively? ~~5 yrs.~~
